

An excellent career opportunity is available at the Pars Brain & Spine Institute ([www.parsbsi.com](http://www.parsbsi.com)). This is a multidisciplinary, state-of-the-art, facility dedicated to providing an array of services to patients of the greater Mid-Ohio Valley with surgical and nonsurgical neurological and musculoskeletal disorders. The institute is comprised of neurosurgery, neurophysiology, pain management, prosthetics & orthotics, physical therapy, pharmacy and laboratory services with future inclusions of neuro-imaging, neurology, and osteoporosis clinics. **We are currently seeking an Internal Medicine Physician to develop an Osteoporosis Program.**

The cost of living in the Mid-Ohio Valley is significantly lower than other major markets, and this opportunity will allow you to achieve other financial goals. We are **offering an attractive annual salary with productivity and sign on bonuses, in addition to eligibility for partnership after year three.** This also includes an attractive benefits package: health, dental, vision, and life insurances, short and long term disability, a health savings account, and a 401(K) plan.

**If you are seeking a career opportunity that will provide you with a pleasant life, in a family oriented community,** I highly encourage you to consider this excellent practice opportunity. If you have any questions, please contact me at 304-865-3600 or by email [bguice@parsbsi.com](mailto:bguice@parsbsi.com). If you are interested in becoming part of the Pars Brain and Spine Institute, please email me your CV, or you may fax to 304-865-3700. We look forward to speaking with you.

Sincerely,

Brian Guice, MPH  
Director of Recruitment & Human Resources
